Hobletts Manor News

This week we had an audit of how well prepared we are to support children with allergies and manage anaphylaxis in the event of an allergic reaction. We had to evidence training, show documentaion, give a tour of the buildings showing where medication was located and discuss our ethos around managing allergies.

We manage a number of allergies across the schools and are aware of all reported allergies. This seems a good time to put out a reminder that we are a 'nut aware' school and ask that no child, adult, visitor or guest brings nut products on site.

Recent Question - Watches!

We have been asked a lot about watches this half term. We do not have anything in our uniform policy regarding watches as it is a very individual, case by case approach.

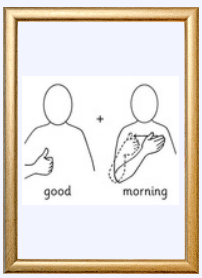

Our stance is this; if your child wears a watch and uses it to start becoming familiar with telling the time and understanding the passage of time that is great and it adds to their learning ! Some watches with additional features (such as lights and noises) distract from learning so it is best to wear out of school and keep for special occasions.

Curriculum Spolight - Behaviour

At Hobletts schools, we want every child to feel safe, valued and ready to learn. Our approach to behaviour centres on positive relationships, clear expectations and teaching children to use “kind thoughts, kind words and kind actions”.

What we do at school:

- We model calm, respectful behaviour, practise routines,
- We celebrate positive choices and help children understand their feelings
- We acknowledge children’s emotions but challenge poor behaviour; ‘It is okay to be angry, it is not okay to pinch someone.’

What you can do at home:

- Reinforce school strategies at home by modelling kindness,
- Keep routines and boundaries consistent
- Help children reflect on how to put things right.

Ask your child about the school rules!

Success of the Week:

We have introduced recycling bins across the school as part of making our children great citizens who are aware of ways to look after their world! I had the pleasure of having lunch with Ladybirds (our youngest Nursery children) and they were amazing at telling me what bin to use!

It was so impressive to see them sorting their rubbish into these different bins. I got a slight telling off when I nearly used the wrong bin!

Well done Ladybirds!

Staying Safe; Staying Healthy!

Water Bottles in School – Keeping Everyone Safe

We would like to remind parents and carers that only plain water is permitted in children's water bottles during the school day. Juice, squash and flavoured water are not permitted.

Across our schools, we have a significant number of children with known allergies and intolerances, some of which can be extremely serious or potentially life-threatening. We must also consider children who may have allergies that are not yet identified or diagnosed.

In line with our Allergy Safety Policy (2026/27), our water-only approach is a school-wide precautionary measure to minimise the risk of accidental exposure to allergens. Flavoured drinks can contain a variety of ingredients, and accidental sharing of drinks between children can pose additional risks. This consistent approach helps us maintain a safe and inclusive environment for all pupils, while also promoting healthy hydration.

Thank you for your understanding and support in helping us keep all children safe.

What's Coming Up...

Please find our an annual planner of events Click here for a link

Half-term: *Monday 26th - Friday 30th October*

Child in Need Day (Pudsey Day) - *Friday 13th November*

Non-school uniform - *wears spots or stripes if you have anything - a small donation would be welcome which will go to the charity.*

Parent/Carer Consultations: An email to book will be sent out soon

- *Tuesday 10th Nov - 3.30pm-7pm - Nursery, Reception, Year 1 and Year 2*
- *Thursday 12th Nov - 3.30pm-5pm - Reception, Year 1 and Year 2*
- *Tuesday 17th Nov - 3.45pm-7pm - Nursery*

Inset Day - *Friday 27th November*

Occasional Day *- Monday 30th November*
